THE LIGHTER SIDE

JERRY HOLBERT—JANUARY 4, 2017

KEN CATALINO—DECEMBER 31, 2016

I am adding a monthly recipe. Let me know what you think. Do you have a recipe you wish to share. This was on the Paula Dean Show and it's great!!!

Corn Casserole

- 1 (15 oz.) can whole kernel corn, drained
- 1 (15 oz.) can cream-style corn
- 1 package Jiffy corn muffin mix (8 oz.)
- 1 cup sour cream
- 1/2 cup butter, melted
- 1 cup shredded cheddar cheese or your favorite cheese

Preheat oven to 350 degrees. mix all ingredients, minus the cheese, together and pour into a greased baking dish. After the casserole has baked for 45 minutes, or is set in the middle and golden brown, sprinkle with cheddar and put it back in the oven. Let the cheese melt, take the casserole out and enjoy this ridiculously buttery dish.

Recap of 2016

As I sit here and go through the past year, I feel very blessed and grateful to each of you for all the support you have given me and our club. I have enjoyed serving as your president and look forward to next year which will be the most important year for the Republican party.

We have had some of the best programs and speakers provided by “Pepper” - informative, mind expanding, and entertaining. We have had fun getting to know each other, doing voter registration at the Mall and in Downtown Newhall at various events throughout the year, attending and sharing County, Division, State, National meetings and workshops and working on various projects to elect Republican candidates and our new President Donald J. Trump.

2017 will be a pivotal year for our country. We have new officers in our Federated Women groups for Los Angeles County and will be rebuilding our membership. We need each and everyone of you to embrace this growth by getting involved. Talk to your friends and neighbors, encourage them to join us in this endeavor.

Let’s Make America Great Again. If we don’t support the existing Republican legislators, we will end up losing the foothold we currently have in our national government. We need to work on our state and bring it back to the Republican state it once was. We need to turn California RED again...now especially since the California legislature has hired former AG Eric Holder to take on the Trump administration on issues regarding immigration, climate change, the environment and voting rights. The use of California funds to fight this type of frivolous lawsuits is totally irresponsible. We also have the University of California covering students and personnel for professional health care because of the trauma they have suffered from the election of Donald Trump. It’s as though California wants to declare war on the Trump administration in every category because of the disdain the Dems feel towards President -elect Donald Trump. I want to say out loud “get over it and let’s get on with rebuilding our great country.”

Please join me in building a better America for ourselves, our children, grand children, neighbors and friends. We need to put prayer back into our lives and get back to the basics. Our forefathers created our Constitution and we have survived for over 200 years with this as our guide. God Bless America.

January 28, 2017 begins the Chinese New Year of the Rooster and is so apropos for our new President Donald Trump.

GLADNESS & FRIENDSHIP!

Please keep **Marie Cruz** in your prayers. She will be going in for hip replacement surgery on February 20 and expects to be out for two to three weeks.

Barbara Walker is recovering from eye surgery at home. A speedy recovery is wished by all.

Special thanks to **Debbie Di Primio** for opening up her home for our December Celebration. The decorations were very festive, all the attendees totally enjoyed themselves. The scrumptious food was provided by **Mary Lynne Fry**. The attendees provided an abundance of food and toys for our projects with Help the Children and Toys for Tots. **Patrece Jamgochian**, an amazing concert pianist and piano instructor provided music for our entertainment and she was accompanied by a chorus of our voices singing Christmas carols. We had President-elect Donald Trump's life sized profile, provided by **Gala Caprice Cruz**, for photo shots. We welcomed three new members and one associate member into our club and had a dozen or so new/potential members attend. Thank you all for attending and I hope you enjoyed our Christmas Celebration. Hopefully we will make this an annual event.

If you know a member who is having difficulties, needs cheering up or experiencing one of life's milestones, having medical issues, vacationing or just needs someone to say hello, please call **Patrece Jamgochian at 661-254-1571** and give her the info.

NEW LAWS EFFECTIVE IN 2017 (Taken from website for California Government)

Cellphones use while driving: [Californians are no longer allowed to use a handheld wireless phone](#) or wireless electronic device while driving, unless the device is mounted on the vehicle windshield or dashboard in a way that doesn't hinder the driver's view of the road. Drivers are only allowed to activate or deactivate a feature or function on the device with a single swipe or tap and cannot do that while holding the device. This expands on a law that already bans texting while driving.

Motorcycle lane splitting: [According to the new law](#), lane splitting is defined as driving a two-wheeled motorcycle between rows of stopped or moving vehicles in the same lane. The law allows the California Highway Patrol to develop education guidelines in a way that ensures the safety of motorcyclists, drivers and passengers.

Vehicle registration fee: SB 838 increases the vehicle registration fee on every vehicle or trailer coach from \$43 to \$53 beginning April 1.

Minimum wage: California's minimum wage will increase from \$10 an hour to \$10.50 an hour for businesses with 26 or more employees under SB 3. It will gradually increase to \$15 an hour in 2022. The law delays increases by one year for smaller employers.

Assault weapons: [Voters passed a law](#) that requires Californians who own gun magazines with more than 10 rounds to give them up starting July 1. Buyers must undergo a background check before buying ammunition and will be barred from buying new weapons that have a bullet button, which were developed by gun manufacturers to get around the state's assault weapons ban. A bullet button allows a shooter to quickly dislodge the magazine using the tip of a bullet.

Law enforcement officers' handgun storage: Law enforcement officers will be required to follow the same rules as civilians by securely storing handguns in a lockbox out of plain view or in the trunk if weapons are left in an unattended vehicle. SB 869 closes a legal loophole and was authored after stolen guns were used in several crimes throughout California.

Sexual assault clarification: Sexually assaulting an unconscious or severely intoxicated person will become a crime ineligible for probation. SB 2888 clarifies that a victim cannot consent to sex while unconscious or incapacitated by drugs, alcohol or medication. The change in the law came after former Stanford swimmer Brock Turner was given six months in jail and released early for assaulting an unconscious woman.

School mascots: Beginning Jan. 1, California public schools will be banned from using the name "Redskins" for sports teams and mascots under AB 30. American Indians regard the term as offensive. [Calaveras High School, in Calaveras County, chose to drop the name](#) it used for decades and decided that it would no longer have a mascot at all.

Powdered alcohol: [Booze in a powdered form](#) (yep, that's a real thing) will be illegal to possess, sell, make or use, per SB 819. Powdered alcohol includes spirits, liquor, wine, beer and every other liquid that can be combined with water or any other liquid, but it does not include vaporized alcohol.

Drinking at salons: Beginning Jan. 1, beauty salons and barber shops will be allowed to serve free wine or beer to their clients until 10 p.m.

Businesses and EpiPens: Under AB 1386, businesses can stock EpiPens in case there is a need to treat people suffering from life-threatening allergic reactions. The law allows pharmacies to give the devices to colleges, private businesses and other venues that have a plan in place for using them. Gov. Jerry Brown signed the bill because he said it has the potential to save lives, but he called out EpiPen manufacturer Mylan for "rapacious corporate behavior" by raising prices.

Right-to-die: Terminally ill patients in California will be allowed to use experimental drugs, which do not have full regulatory approval, to decide when they want to end their lives. It authorizes, but does not require health plans to cover investigational drugs and protects physicians from disciplinary actions if they recommend them once other treatment options have been exhausted. The law came about after [Brittany Maynard, a Bay Area woman with terminal brain cancer, moved to Oregon before taking her life](#) using drugs.

Gender-neutral bathrooms: Beginning March 1, [AB 1732 requires that all single-user toilet facilities](#) in any business or public place to be all-gender facilities.

Homeless students at community college: Any community college campuses with shower facilities on campus must allow homeless students who are enrolled, paid and in good standing to use the facilities, under AB 1995. Another law, AB 1747, requires public and private institutions that offer food services to apply for a state-funded program that provides food for homeless students.

Youth sports health protocol: Just like a previous law aimed at protecting high school student-athletes who may have suffered head injuries, youth sports organizations will be required to notify the parents or guardians of athletes younger than 17 years old who have been removed from activity because of a suspected concussion. It also requires athletic organizations to offer concussion and head injury education to coaches and administrators on a yearly basis. The organizations would also have to comply with athlete removal provisions and return-to-play protocol.

Human trafficking: People under 18 years old cannot be charged with prostitution, under SB 1322. Instead, they will be treated as victims. This is one of several human-trafficking bills that include raising the age children can testify outside a courtroom from 13 to 15, protecting the victims' names from disclosure and mandating that they have access to county services.

THE CONSTITUTION OF THE UNITED STATES

(Preamble)

We the People of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defence, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

(Article I **Article 1** - Legislative)

Section 1

All legislative powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

Section 2

1: The House of Representatives shall be composed of members chosen every second year by the people of the several States, and the electors in each State shall have the qualifications requisite for electors of the most numerous branch of the State legislature.

2: No person shall be a representative who shall not have attained to the age of twenty five years, and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that state in which he shall be chosen.

3: Representatives and direct taxes shall be apportioned among the several states which may be included within this Union, according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to Service for a term of years, and excluding Indians not taxed, three fifths of all other persons.² The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of representatives shall not exceed one for every thirty thousand, but each State shall have at least one representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode-Island and Providence Plantations one, Connecticut five, New-York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

4: When vacancies happen in the Representation from any State, the executive authority thereof shall issue Writs of Election to fill such vacancies.

5: The House of Representatives shall choose their Speaker and other officers; and shall have the sole power of impeachment.

Section 3

1: The Senate of the United States shall be composed of two Senators from each state, chosen by the legislature thereof,³ for six years; and each Senator shall have one vote.

2: Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the Senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and of the third class at the expiration of the sixth year, so that one third may be chosen every second year; and if vacancies happen by resignation, or otherwise, during the recess of the legislature of any state, the executive thereof may make temporary appointments until the next Meeting of the Legislature, which shall then fill such vacancies.⁴

Every month I will print up sections of the Constitution and we will have a contest on the content.

YOUR VOLUNTEER HOURS ARE IMPORTANT!

Volunteer hours are collected and tallied each month as part of our efforts to receive points toward our club NFRW Achievement Award application.

Please complete the form above and turn it in to Barbara Ave Maria at our monthly meeting. Barbara can be reached at (661) 424-9501 or at Barbara.tavelagent@yahoo.com. Estimate in whole hours rounding up or down accordingly. Travel time counts, too.
